## About This Game

Join Cinderella in a family-friendly virtual reality adventure through the classic fairy tale!

Be transported to a magical land with pumpkin carriages, fairy godmothers and medieval castles! Cinderella's story unfolds in front of you in virtual reality- and invites you to play along with interactive minigames! Lots of fun activities await- cooking puzzles, catching invitations in butterfly nets, a dancing game, and more!

Follow along in this immersive story as Cinderella gets invited to the Prince's Royal Ball, gets a beautiful new gown and rides to the castle in an enchanted pumpkin carriage. Dance with the Prince- but don't stay too late! Race back home before the spell is broken, then help the Prince find Cinderella. Keep the glass slipper from being destroyed by the angry stepsisters, too! With a bit of luck, you'll be able to see Cinderella and the Prince live happily ever after!

Good and short game for one time play. Recommended only for few bucks or free. And for kids. The groans were mighty when my daughters were told to stop for dinner. 8 year old girl approved.
